Dear Elsa,

CR CODE VARIATION – PROPOSED VARIATION TO PARAGRAPH 12.2 (SERIOUS CREDIT INFRINGEMENT)

The TIO agrees with ARCA's view that the proposed variation to paragraph 12.2 of the CR Code is required as a consequence of the change to paragraph 10.1. We have no objection to the change.

Regards

Subject: Privacy (Credit Reporting) Code 2014 - Variation application - consultation on variation to para 12.2 (serious credit infringement)

Dear EDR Scheme Colleagues,

CR CODE VARIATION – PROPOSED VARIATION TO PARAGRAPH 12.2 (SERIOUS CREDIT INFRINGEMENT)

As you would be aware from my previous email, ARCA applied to the OAIC to vary the CR Code on 18 April 2019.

The application included a variation to paragraph 12.2 (serious credit infringement). This variation was a 'new' variation, which had not been specifically addressed in the consultation process (although it was a variation required as a consequence of the variation to paragraph 10.1 (payment information) which had been subject to consultation).

To ensure the necessary consultation requirements are met, ARCA has been asked by the OAIC to conduct a limited consultation to support the proposed variation to paragraph 12.2.

I've **attached** a consultation note with more information on the proposed variation.

Given the limited and consequential nature of the change, I propose that any feedback on the proposed variation is best provided in writing, by email to CRcode@arca.asn.au by **Wednesday 3 July 2019**.

Of course if you would like to discuss the proposed variation further, I'm more than happy to set up a discussion. To do so, please contact me on [REDACTED].

Kind regards,
Elsa
