OAIC Information Publication Scheme Agency Survey (2018)
I. Challenges publishing public sector information

q68mr. What are the most significant challenges your agency faces when publishing public sector information in addition to the information required to be published in the IPS and Disclosure Log? (Multiple Response)

q4_total@. Number of FOI requests	Frequency	% of respondents
Establishing processes to respond in a timely manner to requests and feedback received from the community	2	3.8%
Establishing an appropriate focal point, officer, or centralised department that is responsible for furthering open access to public sector information	11	21.2%
Instigating strategic planning on information resource management	10	19.2%
Establishment and maintenance of an information asset register	10	19.2%
Providing up-to-date staff training in information management	7	13.5%
Establishing clear procedures and lines of authority for decisions on information release and publication	6	11.5%
Protecting information against inappropriate or unauthorised use, access or disclosure	4	7.7%
Providing information in an open and standards based format	6	11.5%
Attaching high-quality metadata to information for discoverability	3	5.8%
Ensuring compliance with the WCAG 2.0	7	13.5%
Indexing or cataloguing information for discoverability		
Publishing information in machine readable format	2	3.8%
Maintaining structured data for publishing		
Maintaining linked data for publishing	2	3.8%
Agency costs (including staff time) associated with ensuring compliance with the WCAG 2.0	4	7.7%
Transitioning towards Creative Commons 'BY' standard as a default position
