* It is a requirement of the *Privacy Act 1988* (Cth) for entities to have a publically available privacy policy that complies with Australian Privacy Principle (APP) 1.

We will not accept your application if you do not provide us with a link to, or attach a copy of, the privacy policy for your business.

If your business does not already have an APP privacy policy, you will need to produce one as a first step to complying with your privacy obligations, and include a link to (or attach a copy of) your APP privacy policy as part of your opt-in application. Further information is available in our *Guide to developing an APP privacy policy*.
