Hello!

I'm [REDACTED] and I'm 12 years old. I was reading over the new code you guys in [REDACTED] proposed!

I thought at the moment it looks really good – and I especially rule #7 – its not very fair on a user if they are tricked its like if you were tricked into buying a drink you don't like – that's not fair!

But I'm confused about #8 – how can we distinguish “good” permission and “bad” permission?

For rule #10 – why do you think it's a good idea for online services to HAVE to answer us – and when would it apply?

When I'm checking my account?
Or when I need to see a streak on a game?

Thanks!
