Dear Commissioner,

Exemption for CSPs in the exposure draft of the Children's Online Privacy Code

The Australian Telecommunications Associations (ATA) and our members welcome the opportunity to provide feedback on the exposure draft of the Children's Online Privacy Code (draft Code) and associated draft Explanatory Memorandum.

Following on from [our submission in response to the Issues Paper](#) in July 2025, we commend your Office for appropriately exempting carriage service providers (CSPs) and the services they provide that would otherwise be captured by the draft Code.

While the draft Code exempts CSPs from its scope, we are keen to remain engaged with this important process and to continue to contribute as appropriate. Therefore, please include the ATA in any forthcoming discussion and consultation.

If you have any questions or wish to discuss, please contact Deputy CEO, [REDACTED]
